The Bensalem Township Zoning Ordinance you are currently violating:

**SECTION 232-58
FLOODPLAIN REGULATIONS**

Rear Deck	Built on the rear of dwelling and existed at time of occupancy. Did not obtain approval from Zoning or obtain variance since it has been placed within the floodway and floodplain.
Grading	Aerial photograph shows grading within floodway and floodplain which was not approved by the Township Engineer and Zoning.
Accessory Structures	Structures placed on property without permits or approval from Zoning and are located within floodplain as well as front yard setback.
Paving/Stone	Installed without permits and appears to be located within floodway.
Screened Gazebo	Constructed without permits and is located within the floodway.

Additionally, the following items remain outstanding from your initial occupancy inspection:

- The driveway must be paved per Township regulations.
- An as-built plan is required to be submitted for the driveway configuration, rear deck, jacuzzi, service walk configuration, and additional stoned areas.
- Splashblocks must be installed after final grading.
- Water valve must be set at proper height after final grading is completed.
- Cleanouts must be set at proper height after final grading is completed.

To abate said violation(s) you must:

**REMOVE CONSTRUCTION WITHIN THE FLOODPLAIN AND FLOODWAY AND OBTAIN
APPROVAL FROM THE ZONING HEARING BOARD FOR CONSTRUCTION/IMPROVEMENTS
WITHIN THE FLOODPLAIN AND FLOODWAY.**

This listing of violation(s) may not represent all violations presently occurring on the property. Other violations may appear upon application for required permits or upon further investigation and the Township reserves the right to take any and all action authorized to enforce its Ordinances as to all violations.
